Be Proactive.

Reduce Maintenance Cost & Time.

Following the changes in the Shipping Industry, we will propose to you our new Annual Survey Agreement (ASA) in order to meet your company's requirements and needs. The aim of ASA is to reduce the cost of Annual Certifications and consumable spare parts for Bridge Equipment. ASA is the combination of on-board maintenance and remote support for proper solution of your Bridge Nav/Com equipment.

The Agreement will cover the following

- Shore Base Maintenance Certificates
- Radio Safety Certification (GMDSS, AIS, EPIRB, SART, LRIT)
(S-)VDR/VDR Annual Performance Test

Add-On

- Gyrocompass Overhaul
- Annual Health Check

Each Annual Survey Agreement pricing will be adjusted to fleet size and trading areas.
