ONE OPPORTUNITY: A WORLD OF POSSIBILITIES

ONETECH.

ABOUT US

- Founded in 2007 in response to the increasingly stringent regulatory environment in the world of shipping
- Headquartered in Cyprus, an island on the cusp of three continents - a stepping stone to the world
- Leader in the local shipping market offering electromechanical services on a global scale
- We are driven, determined and dynamic

WHY CHOOSE US

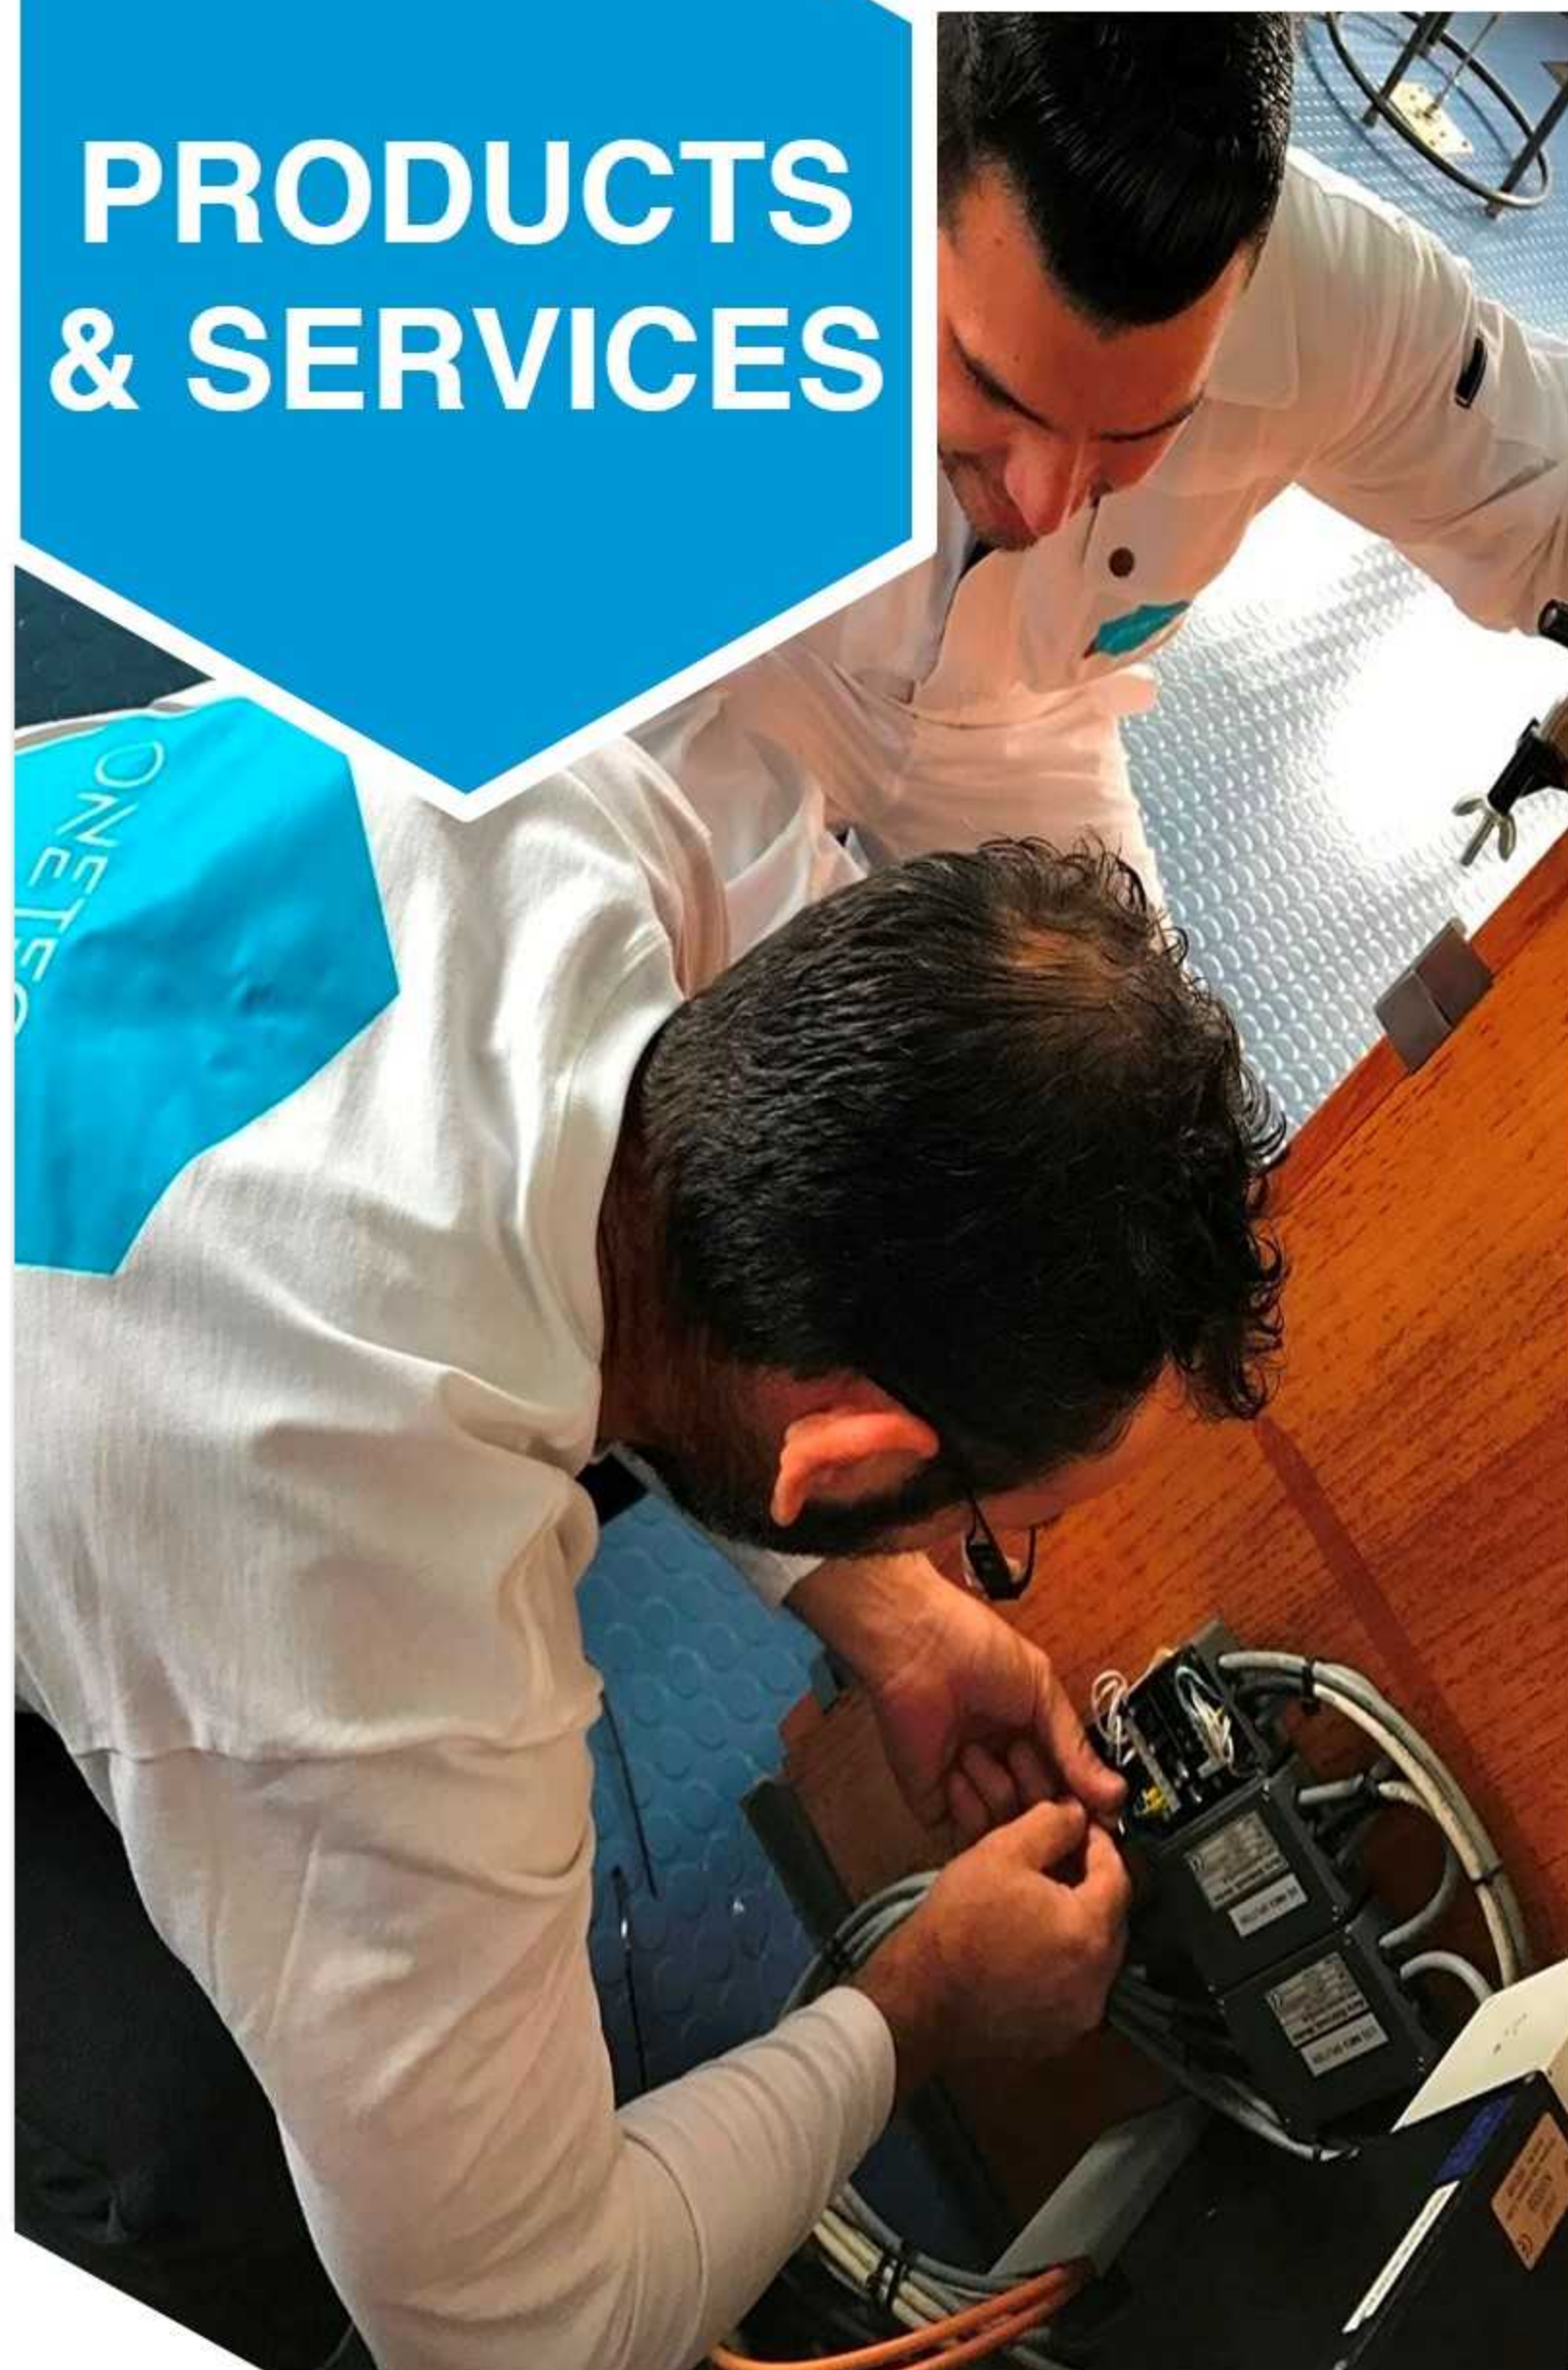

YOUR ONE AND ONLY PARTNER FOR TECHNICAL SERVICES

- Projects approached as personal challenges
- Robust network of Engineers with strong technical background and creativity, deployable across 250 ports worldwide
- Physical stations (service, stock & sales) maintained in Greece, the Netherlands, the UAE, and Cyprus
- Customer's absolute satisfaction is our end goal
- Proud to serve you on a 24/7 basis

RAISING THE FLAG FOR QUALITY

ONETECH.

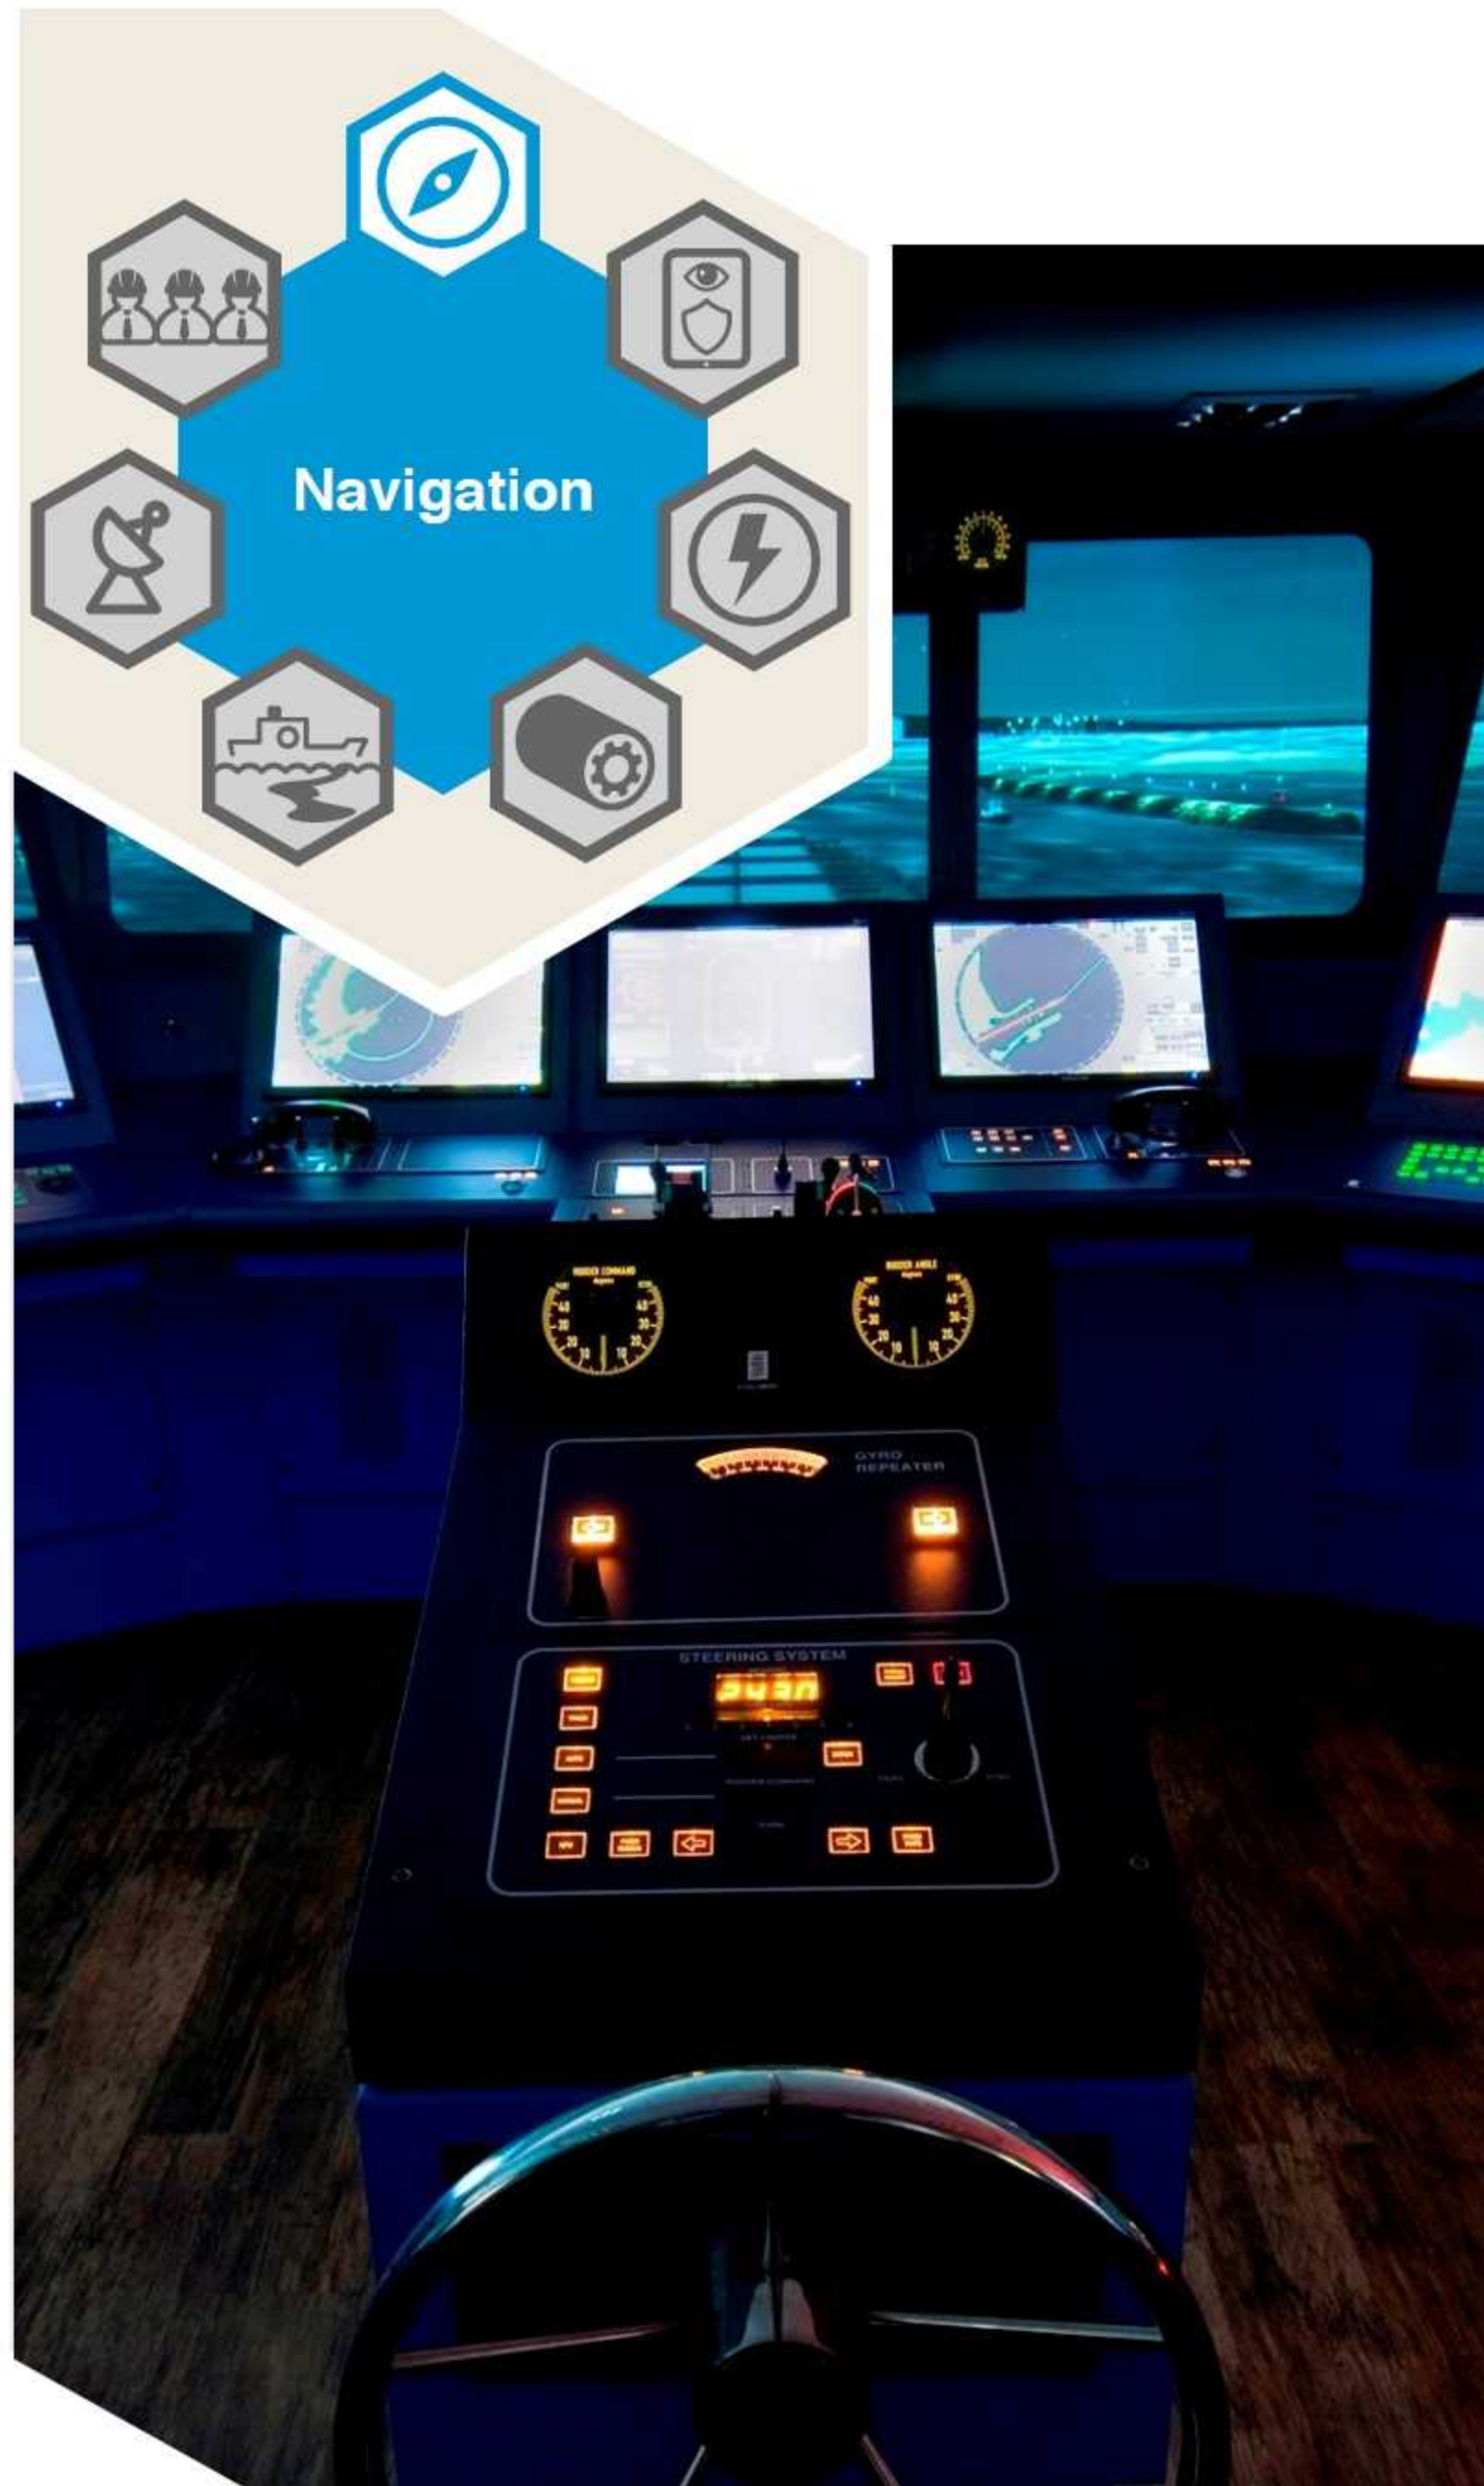

CERTIFIED BY:

ClassNK

ABS

- Specialised and maker-approved engineers
- Provide turnkey solutions (equipment & installation)
- Spare parts available in most of our warehouses worldwide
- Our services include: maintenance & service for radars, gyrocompass, AIS, autopilots, echo sounders, speed logs, anemometers, GPS, ECDIS and e-charts
- Reduce maintenance cost and time with our Annual Service Agreement (ASA)

ASA

Annual Survey Agreement

BE PROACTIVE: REDUCE MAINTENANCE COST & TIME

ASA Benefits:

- Reduce overall maintenance cost
- Single/dedicated point of contact
- Agreement flexibility
- Fixed discount on new equipment from our principals
- 24/7 maintenance support
- Proactive maintenance obsolescence management
- Global service network

ASA Coverage:

- Shore Base Maintenance Certificates
- Radio Safety Certification (GMDSS, AIS, EPIRB, SART, LRIT)
- (S-)VDR/VDR Annual Performance Test

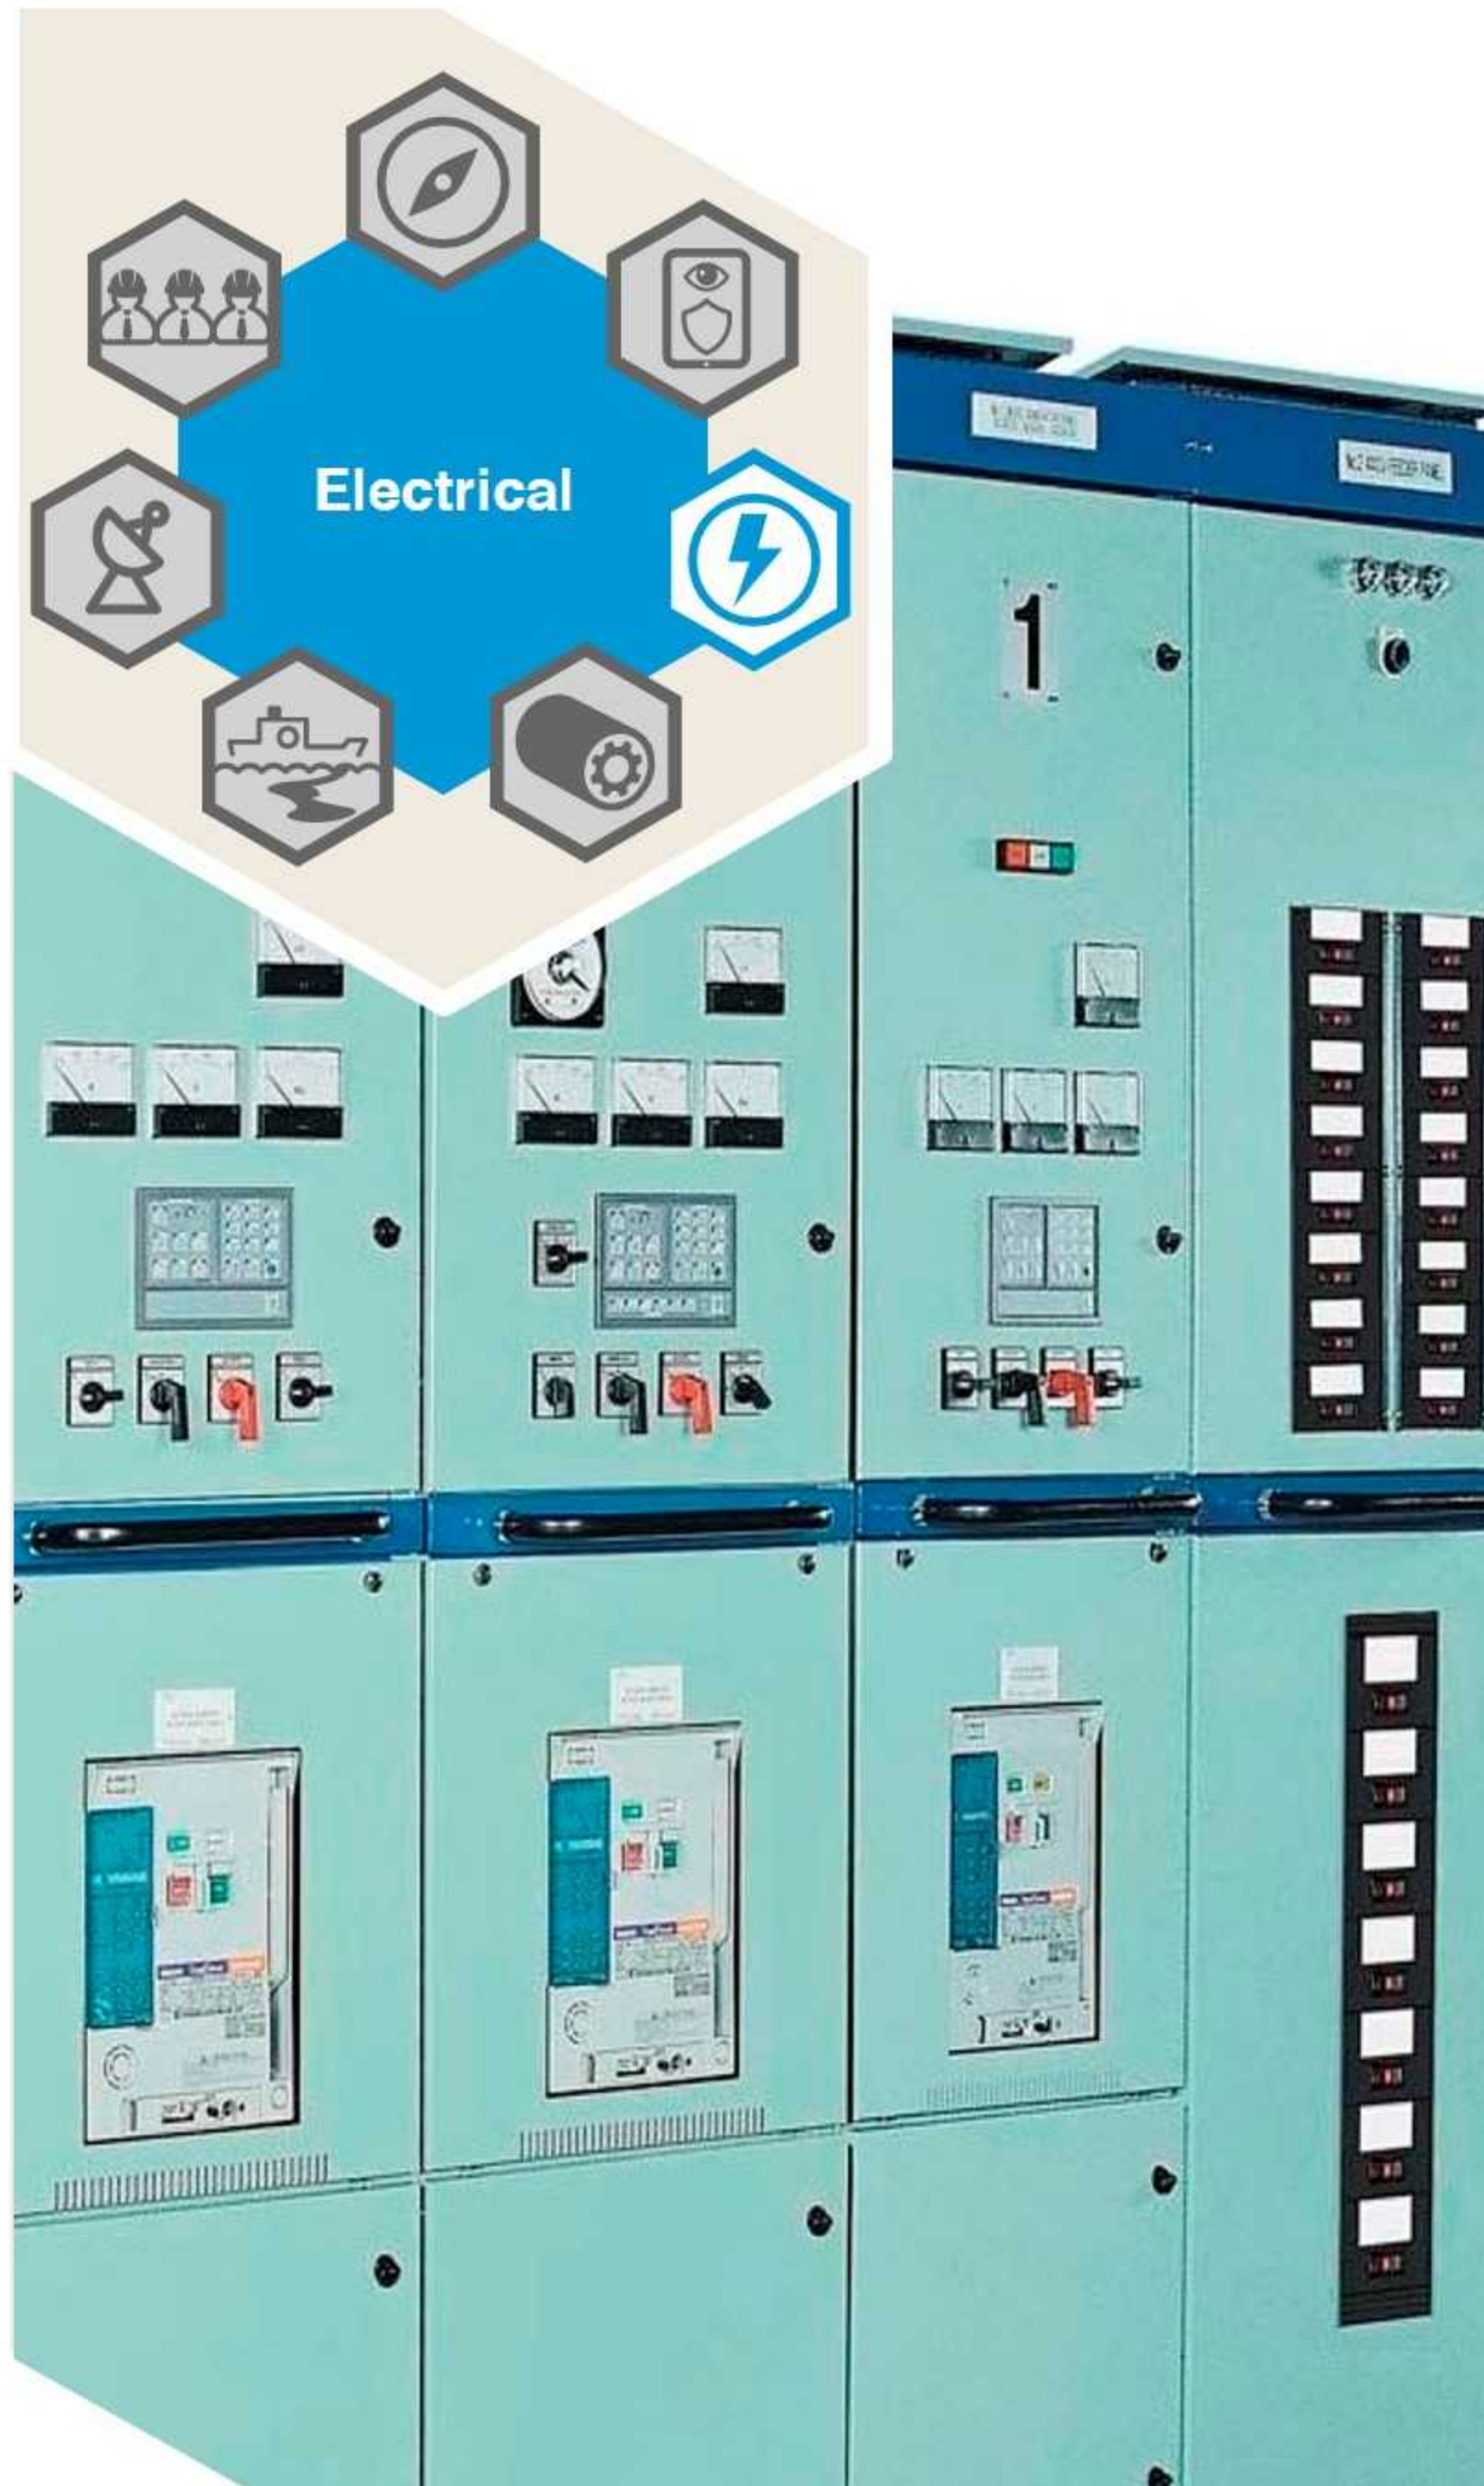

Add-on:

- Gyrocompass Overhaul
- Annual Health Check
- Global service network

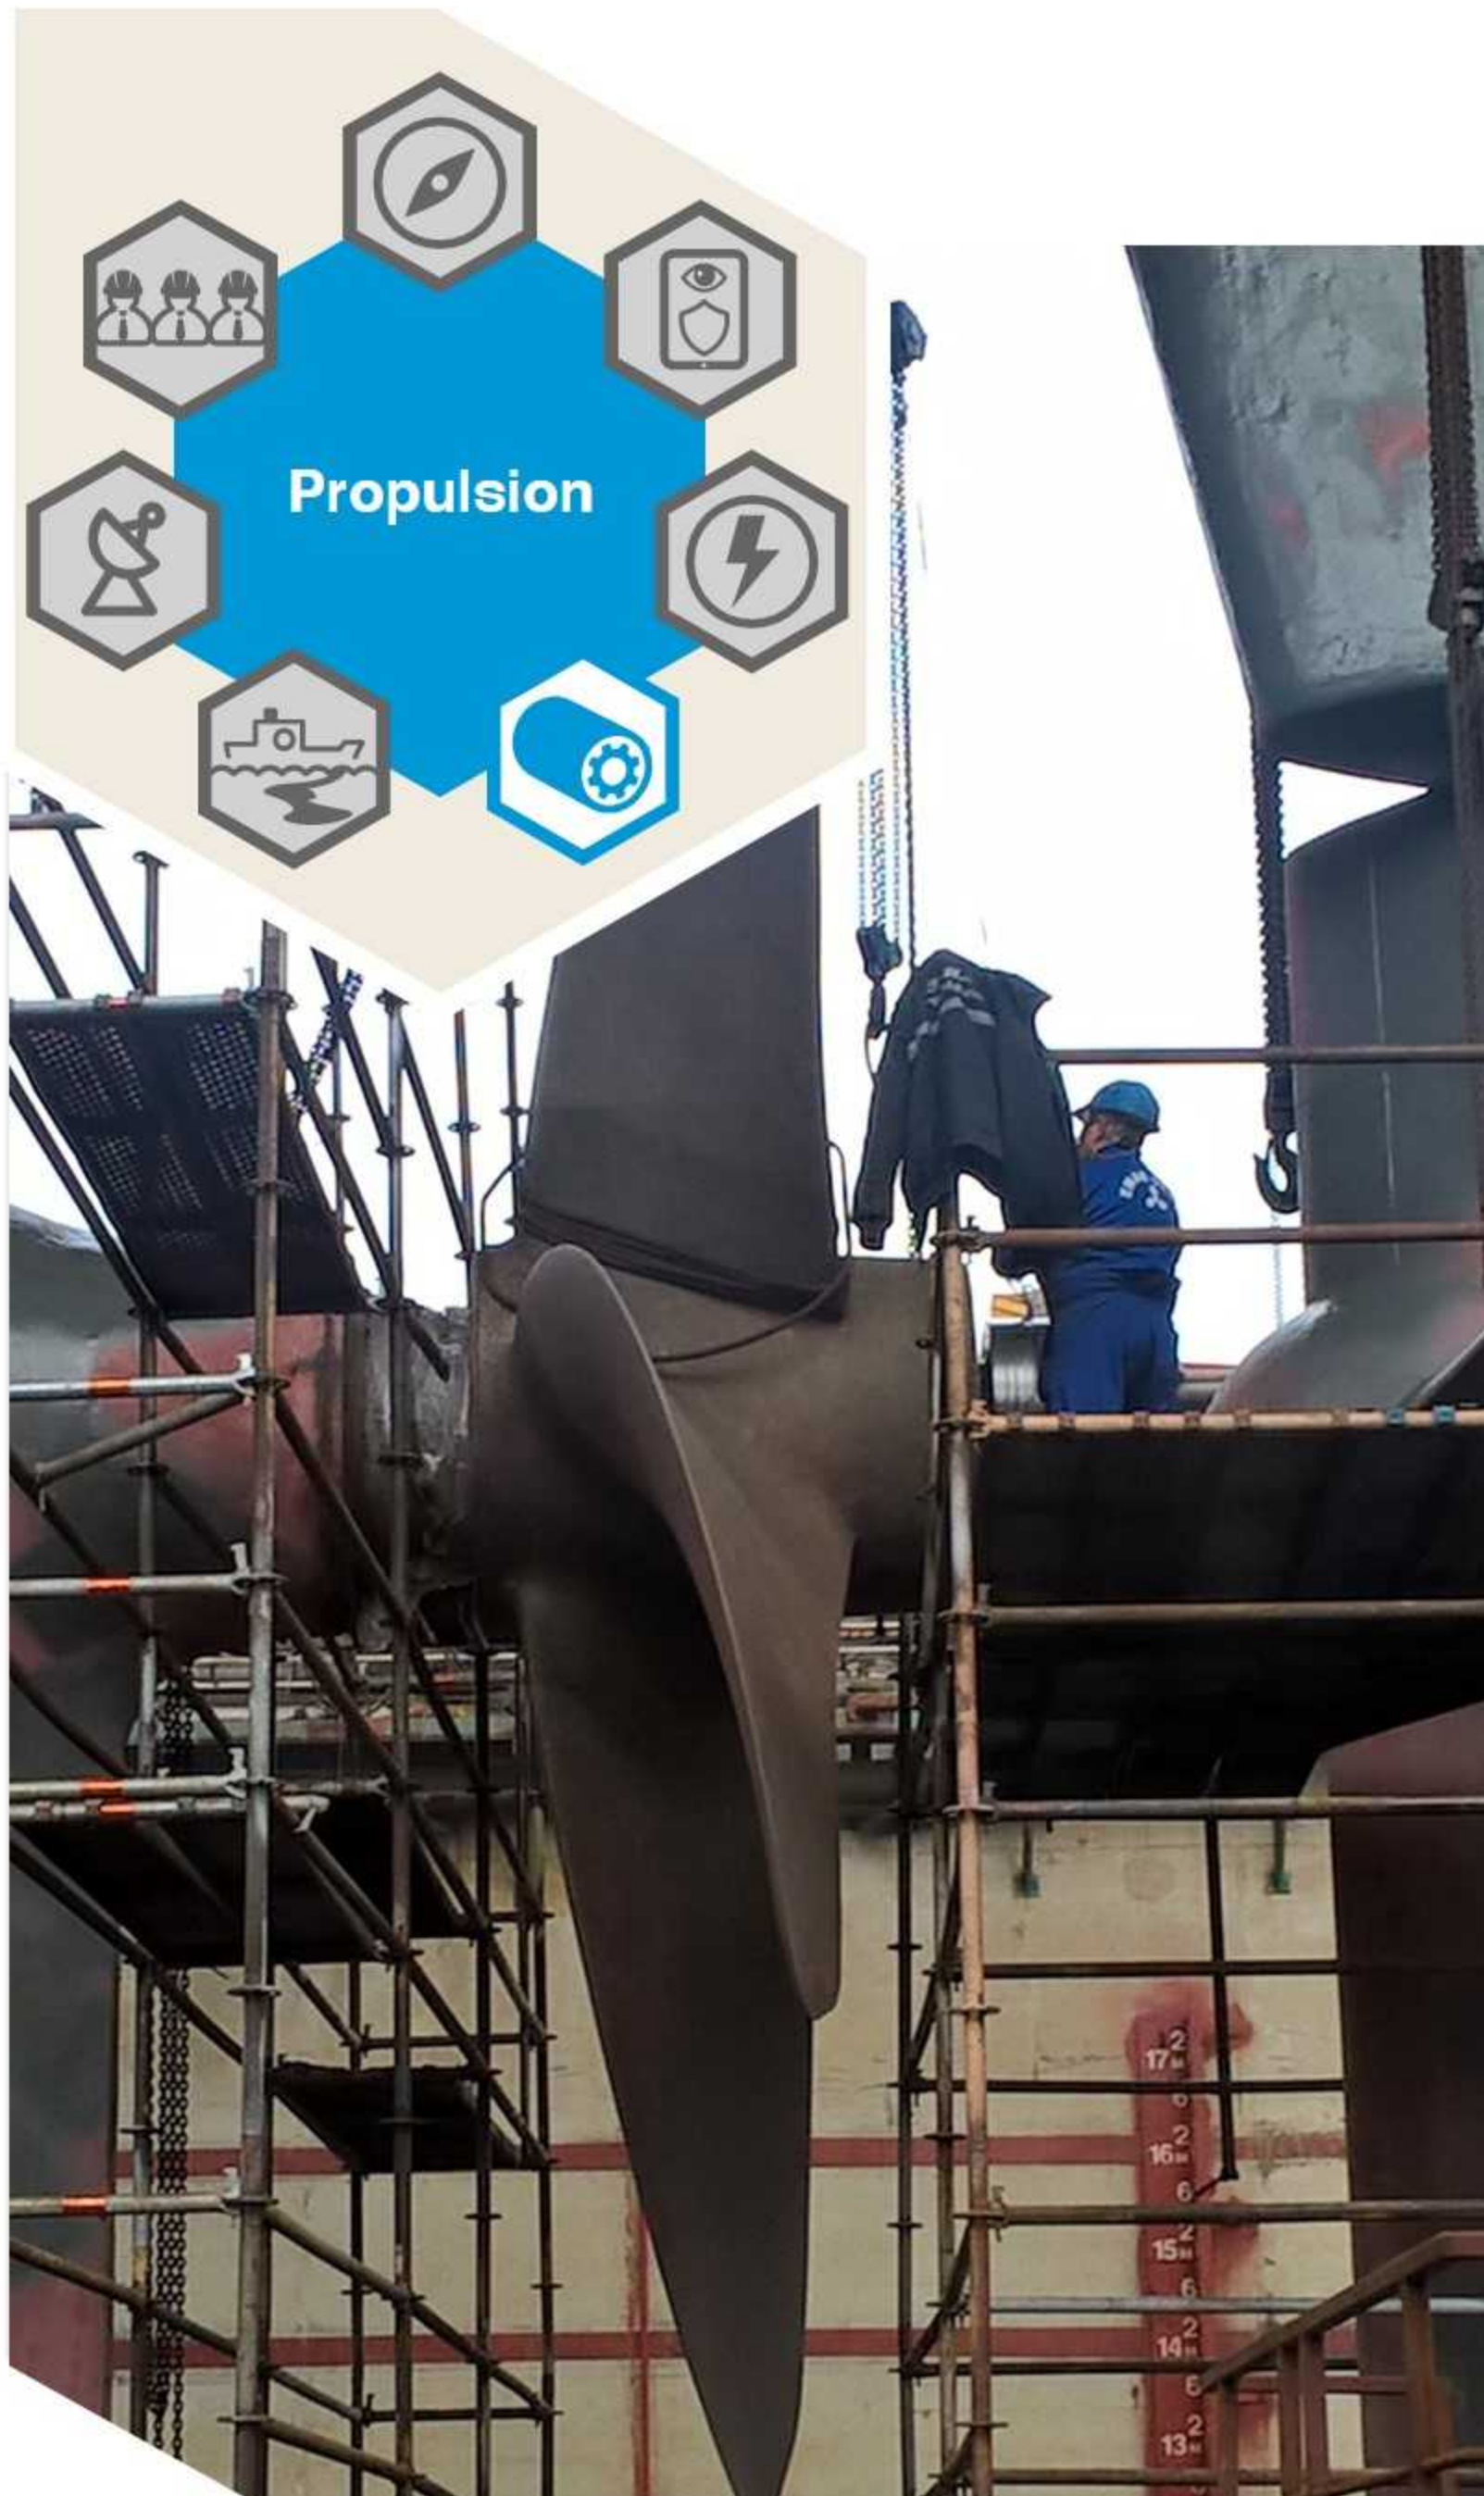

Each Annual Survey Agreement pricing will be adjusted to fleet size and trading areas

- We provide the whole range of Security Services & Surveys
- Installation of security equipment and maintenance of all the related systems on vessels, such as:
 - ✓ EPIRBs
 - ✓ SARTs
 - ✓ Anti-piracy systems
 - ✓ VDRs
 - ✓ GMDSS
 - ✓ LRIT
 - ✓ BNWAS
 - ✓ SSAS
 - ✓ SBMAs

- Our Engineers are certified to service:
 - ✓ Engine Monitoring & Control Systems (EMC)
 - ✓ Power Management System (PMS)
 - ✓ Vessels Automation, Switchboard & Breaker Systems
- All electrical parts and cables are provided

- We provide propulsion services, such as:
 - ✓ Bonding of the Stern Tube Seals
 - ✓ Bonding of the Bow Thrusters Seals
 - ✓ Liner Alignment
- Services can be provided afloat or during drydock

- Our Engineers are certified, trained and experienced to install, maintain, calibrate and certify:
 - ✓ Oil Discharge Monitoring Equipment (ODME)
 - ✓ Bilge Alarms 15PPM
 - ✓ Oil Mist Detectors (OMD)
 - ✓ Oil Water Separators (OWS)
- Survey and certify, calibrate and retrofit anodes, ICCP, MGPS and ICAF systems
- After sales services and troubleshooting for BWTS

- Our experienced IT & Network Engineers are familiar and able to assist:
 - ✓ All satcom terminals from Inmarsat and Iridium
 - ✓ With every installation, service and maintenance of our customer's satcom HW and SW
- Internal Communication:
 - ✓ MF/HF
 - ✓ UHF's
 - ✓ Radios

- Our Service Engineers can provide:
 - ✓ Boiler repairs
 - ✓ Vibration analysis
 - ✓ Thermographic inspections
 - ✓ Endoscopic alignment

- We provide spare parts and complete units:
 - ✓ Fuel oil meters (Flowmeters)
 - ✓ Viscomasters (Viscometers)
 - ✓ Shaft power measurements
 - ✓ Monitoring and management systems for fuel performance
 - ✓ Fuel change-over units (Diesel Switch)

Drydock & Ship Repair

RAISING THE FLAG FOR QUALITY

Ship Repair

- A rich list of services can be provided through our exclusive partnership with IDAL Group, geared towards the upgrading of vessels for compliance and longevity:
 - ✓ Manufacturing and maintenance of heating systems, refrigeration and air conditioning systems
 - ✓ Engine overhauling and hull repairs
 - ✓ Installation and repair of piping systems
 - ✓ Maintenance and modification of public areas and cabins
 - ✓ Building and maintenance of composite decks, stairs, GRP, GRE and GRVE composite pipes
 - ✓ Hatch Cover Maintenance
- Reduce operations and service cost with our Docking Services Agreement (DSA)

OUR PRINCIPALS:

DSA

Docking Services Agreement

BE PROACTIVE: REDUCE OPERATIONS & SERVICE COST

DSA Benefits:

- Reduce overall cost
- No delays
- Single/dedicated point of contact
- Agreement flexibility
- Fleet survey tailor made solutions
- 24/7 maintenance support
- Turnkey solutions
- Global coverage

DSA Coverage:

- Stern Tube Seals Bonding and or supervision of Installation
- Supervision/Monitoring of ICCP & ICAF
- Boiler pre-docking survey and Docking repair
- Accuracy test of 15PPM bilge alarms (on exchange basis)
- Calibration of Flowmeter and Viscosity meters (on exchange basis)
- Special coating systems

Add-on:

- Radio safety certification (GMDSS, AIS, EPIRB, SART, LRIT)
- (S)VDR Annual Performance Test
- Gyrocompass Overhaul
- Switchboard /CCT Breakers /Power monitoring system services

Each Docking Services Agreement pricing will be adjusted to fleet size and trading areas

Coatings

RAISING THE FLAG FOR QUALITY

- Chemco's solvent-free coatings main advantages:
 - ✓ Any method of surface preparation, i.e. mechanical, HP and UHP water wash, dry or wet grit blasting can be utilised
 - ✓ Wet & rust tolerant marine coatings
 - ✓ No requirement for ventilation or dehumidification
 - ✓ Reduced H&S consideration and no fire hazards for storage or application
- Chemco marine coatings are approved from:
 - ✓ ABS and Lloyds for maintenance or new build
 - ✓ FDA for food and beverage, dry cargo and potable water.
 - ✓ NSF approval for potable water
- Marine Coatings by Vessel Area:
 - ✓ Ballast Tank Coatings
 - ✓ Cargo Holds and Cargo Tanks
 - ✓ Chemical Cargo Tank Linings
 - ✓ Potable Water Tank Coatings
 - ✓ High Temperature Coatings
 - ✓ Ceramic Systems
