ONETECH
DRYDOCKS &
SHIP REPAIRS

> One Tech Drydocks & Ship Repairs

In addition to the shipyards, we also **represent a leading anti-corrosion marine coating, which is revolutionary** as it cures under water and can be applied in wet areas with no time wastage and only hydro blasting, ensuring tremendous cost savings to all.

At One Tech Drydock & Ship Repairs we have a variety of services on hand, including:

- > Worldwide Shipyards Repair
- > Specialised Marine Coatings
- > BWTS Installations & Commissioning
- > • EGCS (Exhaust Gas Cleaning Systems Installations)
- Air Lubrication Systems
- EMS (Emission Monitoring Systems)

Our shipyards are based in:

- > **TK Tuzla Shipyard**
Turkey
- > **Cernaival Group Shipyards**
Spain
- > **Seatrium Subic Shipyard, INC.**
Philippines
- > **Unithai Shipyard & Engineering Ltd**
Thailand
- > **Zhoushan Changhong International Shipyard Co. Ltd**
China
- > **Namibia Drydock & Ship Repair (PTY) Ltd "Namdock"**
West Africa
- > **Oman Drydock Company "Asyad"**
Middle East
- > **Rotterdam Ship Repair B.V.**
Netherlands
- > **Chalkis Shipyards S.A.**
Greece
- > **J.A.M. Marine Dockyard S.A.**
Panama

At **One Tech Engineering**, we believe in **precision, quality, and safety**. These beliefs translate into consistent, reliable solutions for every ship we serve. The Engineers, Electric engineers, Welders and Painters have all the necessary travel documents which allow us to arrive on ships as soon as possible in any port of the world.

➤ One Tech Engineering

➤ Service Engineers, Technicians

- Main & Auxiliary Engines (various types & sizes) and Turbocharges maintenance and repairs

➤ Certified Welders

- Vessel hull steelworks
- Pipes replacement/repairs (steel and Inox pipes)

- Ballast/Cargo tanks
- Special repair teams of welders (welders are certified by IACS Class Societies) perform repairs during a voyage or dry-dock

➤ Painters, Helpers

- Ballast tanks maintenance
- Coating cosmetic upgrade
- Cleaners/ Helpers (tanks, receivers, etc.)

➤ Electric Engineers

- Our specialists have certificates from well-known manufacturers, confirming their high level of qualifications.
- Our electric RSQs are easy to train. All new high-tech solutions can be studied and implemented in a short time.

➤ Workshop facilities

- Crane running along workshop's ceiling
- Machinery: Balancing / Drilling / Lathe / Cutting
- Adequate space (i.e. BWTS piping prefabrication)
- Manufacturing of metal structures
- Various modifications according to customer drawings

➤ Reporting System

We are careful about the reporting system and improving it constantly.

➤ Third-Party Liability Insurance

This insurance covers any damage caused to the shipowner/vessel in case of damage caused to any ship equipment during the repair works by our specialists. The guaranteed coverage amounts up to € 1,000,000 (one million) for each case.

➤ Personal Medical & Life Insurance

This insurance is intended to cover an accident that may happen to our specialist on the ship during the repair work. The guaranteed amount of insurance coverage is € 100,000 (one hundred thousand) for each specialist.

➤ Safety

Safety comes first! We constantly monitor the implementation of all precautions and improve us on a regular basis.

One Tech Automation specialises in **Electrical, Electronic** and the **M/E Manoeuvring System** (pneumatic). We are the one and only partner you need in ensuring that your technical and spare parts needs are fulfilled. **Providing design, consultancy, equipment, spare parts, installation and services at any given time**, we are able to earn the trust of our clients by meeting their urgent requirements.
