

GLOBAL **MARINE**
TECHNICAL PARTNER

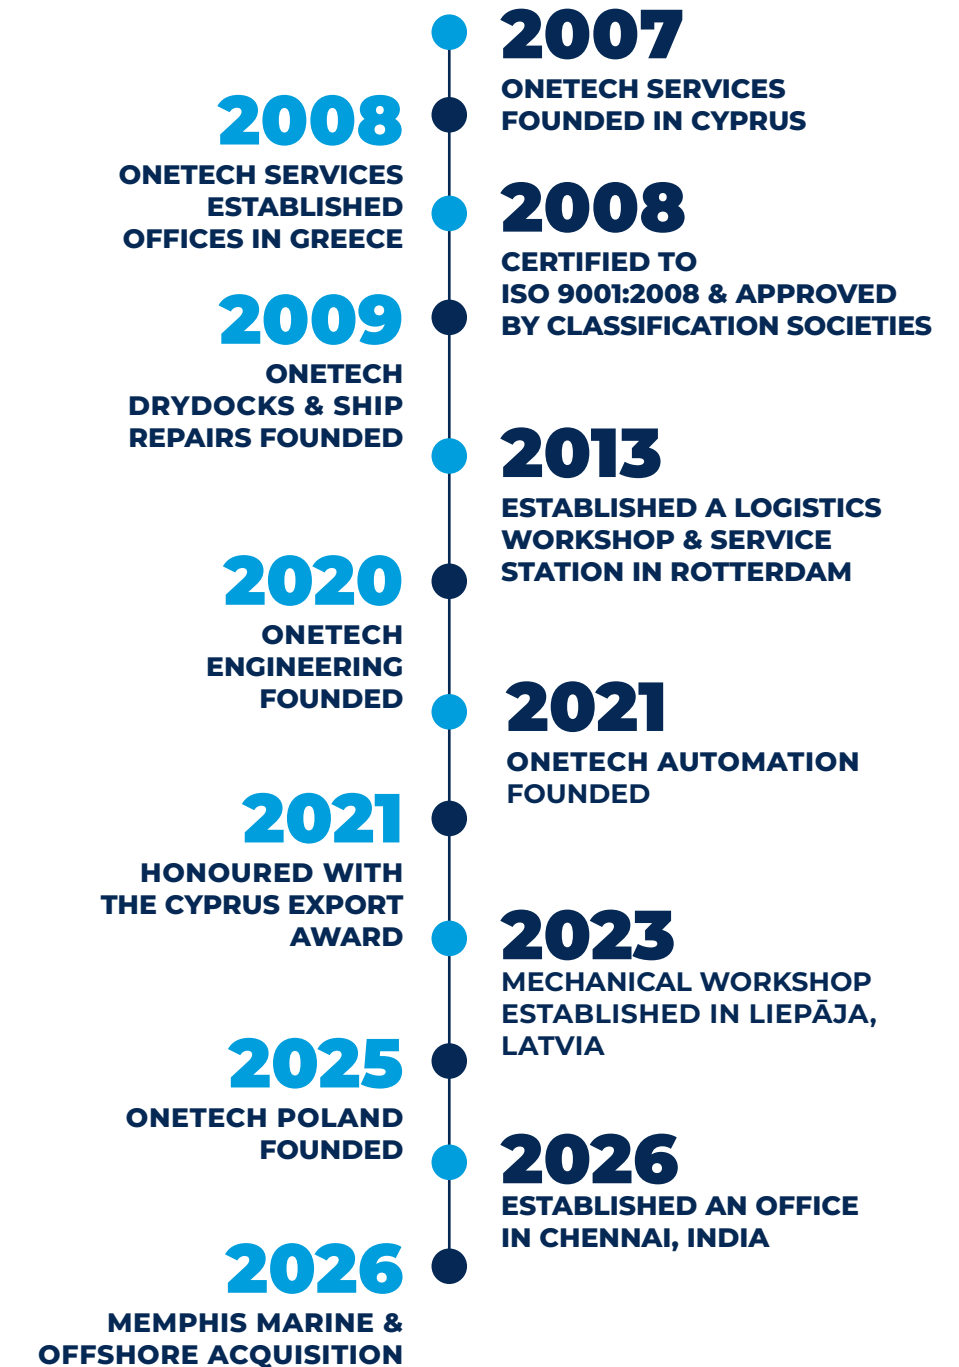

ANYTIME
ANYWHERE
WHEREVER NEEDED

OUR STORY UNFOLDS

ONETECH GROUP IS AN ECOSYSTEM OF SPECIALISED COMPANIES DELIVERING INNOVATIVE VESSEL SOLUTIONS & INTEGRATED MARITIME SERVICES.

Through continuous growth, strategic expansion & multidisciplinary expertise, we support ship owners & maritime professionals by providing reliable solutions that enhance vessel safety, efficiency, compliance & operational performance worldwide.

CORE VALUES MATTER

ONETECH GROUP'S CORE VALUES
REFLECT ITS COMMITMENT TO
TECHNICAL EXCELLENCE,
OPERATIONAL RELIABILITY,
REGULATORY COMPLIANCE AND
LONG-TERM PARTNERSHIP ACROSS
THE MARITIME INDUSTRY.

**ROBUST
MARINE
SERVICES
SINCE 2007**

- 01 TECHNICAL EXCELLENCE**
Advanced electromechanical services and marine technical solutions are delivered through engineering precision, specialist expertise and rigorous attention to detail.

- 02 QUALITY & COMPLIANCE**
Consistently high standards underpin every service, supported by ISO 9001:2015 certification, manufacturer approvals and cooperation with leading classification societies.

- 03 RELIABILITY**
Rapid response, dependable 24/7 technical support and efficient service delivery help ensure vessel continuity while minimising operational disruption.

- 04 TRUST & TRANSPARENCY**
Long-term partnerships are built through clear communication, sound technical guidance, accountability and integrity at every stage of a project.

- 05 INNOVATION**
Advanced technologies and intelligent engineering solutions are adopted to enhance vessel performance, efficiency, safety and lifecycle value.

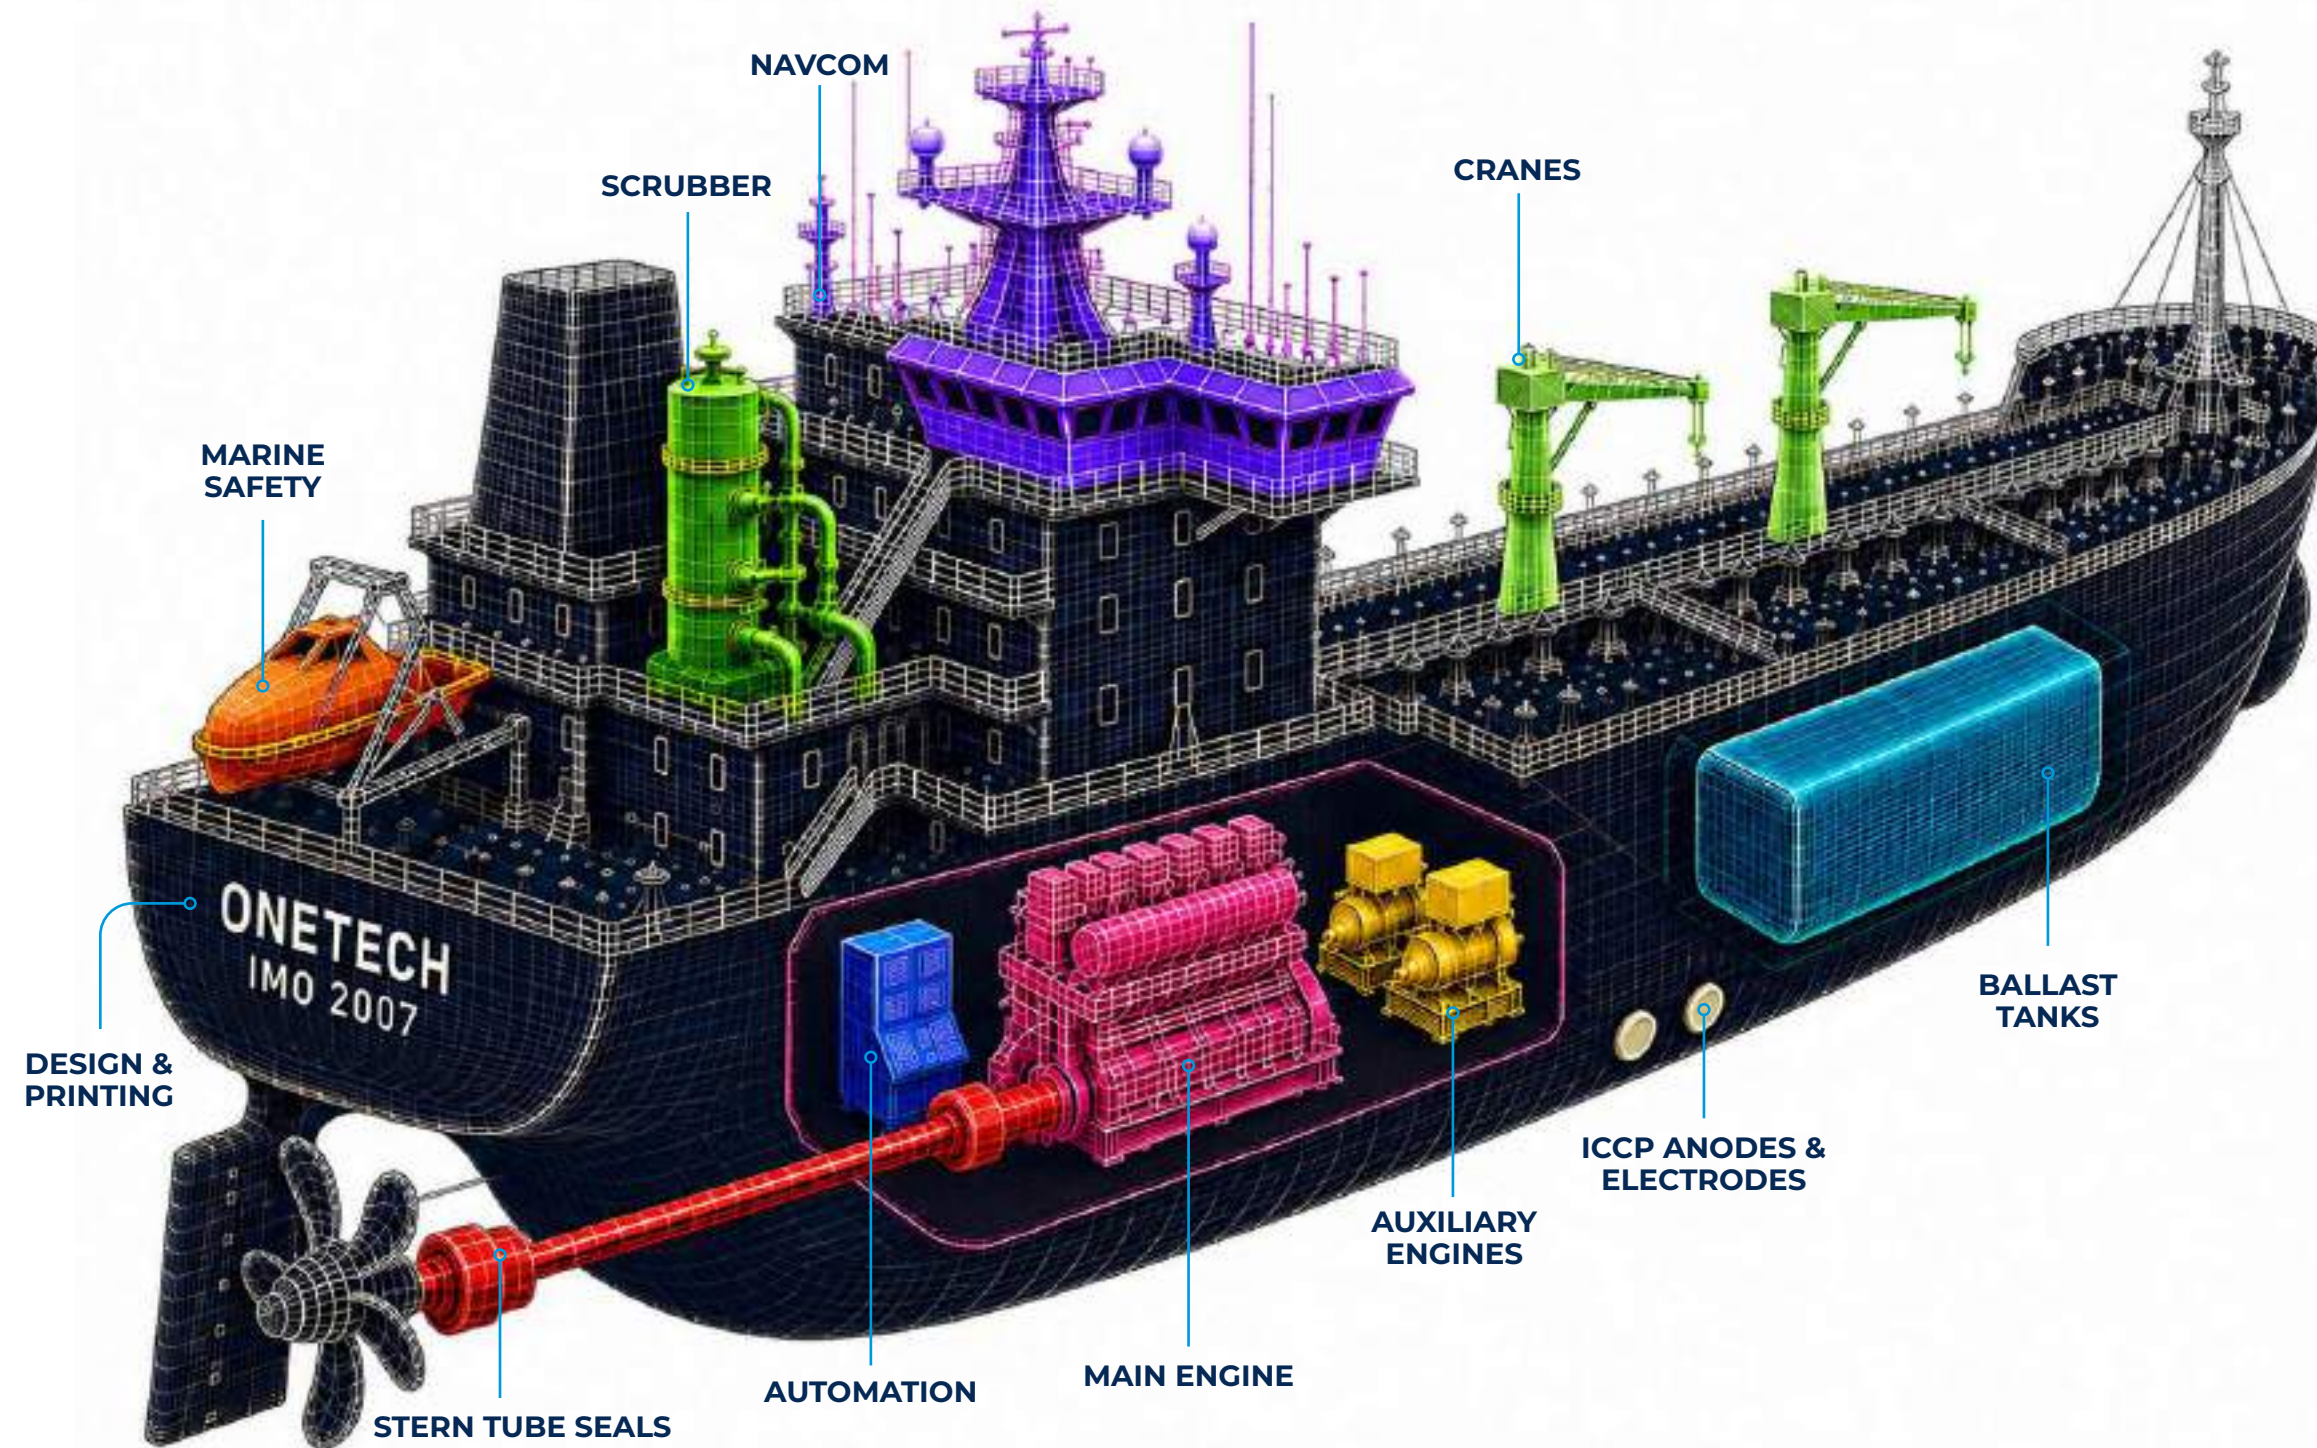

- 06 CUSTOMER COMMITMENT**
Customer needs and operational requirements are addressed through responsive, practical and value-driven solutions tailored to each specific vessel and project.

**EXCELLENCE
RELIABILITY
INTEGRITY**

KEY SERVICE AREAS

ONETECH DELIVERS INTEGRATED MARINE TECHNICAL SERVICES DESIGNED TO KEEP YOUR VESSEL OPERATING SAFELY, RELIABLY AS WELL AS EFFICIENTLY.

Whatever your requirements, our experienced teams deliver the expertise and practical solutions needed to support your vessel throughout its operational lifecycle. Our comprehensive capabilities enhance safety, ensure regulatory compliance, improve operational efficiency and help maintain reliable performance as well as business continuity.

**COVERAGE
ACROSS
YOUR VESSEL**

MARINE SERVICES

24/7 365

ONETECH GROUP DELIVERS INTEGRATED MARINE TECHNICAL SERVICES ACROSS EVERY CRITICAL VESSEL SYSTEM, ENSURING SAFETY, RELIABILITY, COMPLIANCE AND OPERATIONAL CONTINUITY WORLDWIDE.

01 NAVIGATION & COMMUNICATION
Maker-approved surveys, bridge equipment and worldwide technical support.

02 AUTOMATION
Advanced automation, electrical, electronic as well as pneumatic solutions.

PROVEN
TECHNICAL
EXCELLENCE

03 DRYDOCKS
Global drydock and ship repair support ensures quality execution, efficient turnaround and minimal vessel downtime.

04 ENGINEERING
Electromechanical engineering services cover machinery, electrical, steel, piping, tank and fabrication works worldwide.

05 STERN TUBE SEALS BONDING
Prevent leakage, protect shaft systems and support reliable propulsion performance.

06 CATHODIC PROTECTION ICCP
ICCP, MGPS and corrosion control systems extend the service life of vessels and piping.

07 SAFETY
Maker-approved safety services support SOLAS compliance and protect crew, cargo as well as onboard operations.

08 DESIGN & PRINTING
In-house marine design and printing services.

BRIDGE NAVCOM SOLUTIONS

MAKER-APPROVED SURVEYS,
ADVANCED BRIDGE EQUIPMENT AND
PROFESSIONAL ENGINEERING SUPPORT
GUARANTEE SAFE, RELIABLE AND
COMPLIANT VESSEL OPERATIONS.

CERTIFIED ONBOARD SERVICES

We provide expert bridge equipment services and engineering support throughout the vessel's operational lifecycle. From installation and maintenance to annual surveys, equipment supply and technical attendance, our experienced engineers help keep vessels safe, connected and compliant.

CONNECTIVITY
CONTROL
RELIABILITY

ELECTRICAL AUTOMATION SYSTEMS

DELIVERING RELIABLE ELECTRICAL,
ELECTRONIC, AUTOMATION AND
PNEUMATIC SOLUTIONS, ONETECH GROUP
IS BACKED BY GENUINE SPARE PARTS
AND EXPERT TECHNICAL SUPPORT.

SPECIALISED TECHNICAL EXPERTISE

With engineers located worldwide, our expertise includes main-engine pneumatic maneuvering systems, steering-valve and slow-turn overhauls, ACB and VCB testing and certification, switchboard maintenance, power management systems, alarm monitoring, fire detection, vibration analysis, shore power, thermographic surveys, not to mention oil-mist detection systems.

MARINE ENGINEERING SERVICE

STRATEGICALLY LOCATED OFFICES, WORKSHOPS AND SERVICE STATIONS ACROSS EUROPE AND ASIA ENABLE ONETECH GROUP TO DELIVER HIGH-QUALITY ENGINEERING SOLUTIONS BASED ON PRECISION, SAFETY AND RELIABILITY, SUPPORTED BY EXPERIENCED RIDING SQUADS WORLDWIDE.

SPECIALISED RIDING SQUADS

Highly qualified riding squads provide dependable onboard support across mechanical, electrical and structural work. From main and auxiliary engine maintenance as well as certified electrical services to tank repairs, steelwork and custom modifications, every requirement is handled with safety and quality.

**INSPECTION
OVERHAUL
SUPPORT**

SEAMLESS DRYDOCKS & SHIP REPAIRS

A TRUSTED GLOBAL NETWORK OF LEADING SHIPYARDS AND SPECIALIST MARINE SERVICE PARTNERS ENABLES ONETECH GROUP TO DELIVER DEPENDABLE DRYDOCKING AND SHIP REPAIR SOLUTIONS, ENSURING QUALITY, EFFICIENCY AND MINIMAL VESSEL DOWNTIME.

VESSEL PERFORMANCE UPGRADES

Our technical capabilities cover marine coatings, EGCS installations, air lubrication systems, emission monitoring, separator servicing, lubeoil purification, PHE regasketing and EPC card repairs. All works are carried out with the aim of enhancing vessel efficiency, environmental performance and operational reliability.

RELIABLE STERN TUBE SEALS BONDING SOLUTIONS

EXPERT INSTALLATION AND MAINTENANCE OF STERN TUBE SEALING SYSTEMS PROTECT VESSELS AGAINST WATER INGRESS AND OIL LEAKAGE WHILE EXTENDING SHAFT SERVICE LIFE, SUPPORTED BY SPECIALIST BONDING TEAMS WORLDWIDE.

COMPREHENSIVE STERN TUBE SEALS SERVICES

Aft and forward stern tube seal replacements, overhauls, shaft alignment checks and emergency seal repairs are carried out in drydock or while afloat.

**MAINTENANCE
PROTECTION
PERFORMANCE**

EFFECTIVE CATHODIC PROTECTION ICCP

COMPREHENSIVE CATHODIC PROTECTION AND MARINE GROWTH PREVENTION SOLUTIONS SAFEGUARD HULLS, TANKS AND SEAWATER SYSTEMS AGAINST CORROSION AND BIOFOULING, EXTENDING ASSET LIFE AND REDUCING MAINTENANCE COSTS.

SYSTEM SUPPLY, SERVICE & CALIBRATION

Our corrosion protection capabilities cover ICCP systems and MGPS solutions, sacrificial anode surveys and replacements, hull and ballast tank assessments, along with the calibration of reference cells and control units. Every requirement is handled in line with manufacturers' specifications and classification society standards.

BEYOND SAFETY EQUIPMENT

A FULL RANGE OF SAFETY AND LIFE-SAVING EQUIPMENT IS SUPPLIED, SERVICED AND SURVEYED TO SUPPORT SOLAS AND FLAG STATE COMPLIANCE WHILE PROTECTING CREW AND CARGO AT ALL TIMES.

LIFE-SAVING & FIRE PROTECTION

Maker-approved technicians provide LSA servicing and inspections, fire-fighting equipment maintenance and hydrostatic testing, gas detection and breathing apparatus servicing, certification support, in addition to the supply of PPE and safety accessories across our global network.

**SAFETY
OF LIFE
AT SEA**

CUSTOM PRINTING SERVICES

PROFESSIONAL DESIGN AND PRINTING SERVICES FOR THE MARINE AND OFFSHORE INDUSTRIES DELIVER HIGH-QUALITY, CUSTOMISED PRODUCTS THAT SUPPORT SAFETY, COMPLIANCE AND BRAND VISIBILITY THROUGH IN-HOUSE PRODUCTION, RAPID TURNAROUND AND COMPETITIVE PRICING.

COMPLIANT MARINE PRODUCTS

The wide range of services includes IMO-compliant safety stickers and posters, precision marine stencils, national flags, marine safety items, custom stickers, as well as roll-up banners.
